[Daniel Taborda Tamayo](#)

I am a software engineer in progress with technical knowledge on **frontend** and **backend**. I have experience working with teams under **agile methodologies**. As a developer, I've built applications and websites from scratch using **frontend** technologies like **HTML**, **CSS**, **JavaScript** through the **Angular** framework and on the other hand, I've also developed backend solutions using **.Net C#** and databases like **MongoDB** and **SQLServer**. In addition I also study other technologies by myself
